

DISSECTION TOOLS

KFMED-CAT-001-21 REV01

Exclusively distributed in South Africa by Kingfisher Medical (Pty) Ltd

WHO WE ARE

Coba Biomedical is a healthcare manufacturer dedicated to empowering medical professionals with high-quality equipment that enhances patient outcomes. Our mission is to support recovery and help people live life to their fullest potential. This commitment reflects a deep moral obligation: to ensure that the highest-quality medical devices are accessible to all.

We achieve this by combining advanced technology, clinical expertise, and deep consumer insights. From the ground up, we have built a tailored manufacturing network designed to deliver integrated solutions for healthcare professionals. At the heart of our holistic and agile approach is a fusion of experienced healthcare leadership and top-tier engineering talent—working together to deliver proudly African-manufactured medical devices.

All our products are manufactured in accordance with ISO 13485 standards and are ready for immediate use in operating theatres.

VISION

We are committed to delivering high-quality, innovative, and accessible healthcare solutions that improve lives around the world.

TEAM

Our team is a dynamic blend of healthcare experts, engineers, and innovators, united by a shared purpose: to create high-quality medical devices that improve lives.

Managing Director

Allan Kinnear
